

National Foundation for Cancer Research

Mission Statement

The National Foundation for Cancer Research (NFCR) was founded in 1973 to support cancer research and public education relating to the prevention, early diagnosis, better treatments and ultimately, a cure for cancer. NFCR promotes and facilitates collaboration among scientists to accelerate the pace of discovery from bench to bedside. NFCR is committed to *Research for a Cure* – cures for *all* types of cancers.

Everyday, our scientists make progress on the fight against cancer - but we still have a long way to go on the road to a cure, and every donation helps.

Thank you for your generous gift to NFCR.
